# Complete Mockery of the Entrance Examination in JNU: The Economics Question paper was largely Copy-Paste from substandard websites!

What has come to the knowledge of the Jawaharlal Nehru University Students' Union regarding the entrance examination for the Centre for Economic Studies and Planning (CESP), M.A. Programme is both appalling and disappointing- maximum questions in the examination held on May 27, 2019 had been copy pasted from some websites;

The JNUSU considers this as well-planned move by the University administration and the CESP Acting Chairperson Pradipta Chaudhary to not only degrade the quality of the Centre but also to filter in applicants that align to their thinking and ways.

Already since its proposal the JNUSU had been against the online entrance exam being conducted by the external body the National Testing Agency. After the commencement of the entrance examination several discrepancies in the tests have come to light including paper leak for the various Centres in the University.

Further, we know that particularly in CESP the question paper has been drafted without any consultation with the faculty members and there has been a clear violation of the due norms and procedures in the conduct of the entrance test.

**JNUSU**
